

The Puget Sound Chemist

Vol. II, No. 5

Bagley Hall, University of Washington, Seattle

June, 1940

Published by the Puget Sound Section of the American Chemical Society

JUNE MEETING

The University of Washington will be host this summer to the National meeting of the A.A.A.S. (which stands for American Association for the Advancement of Science). Hence the Puget Sound Section assumes the role of host to the various Pacific Coast Sections which are participating in Section C,--chemistry.

Chemistry sessions will be held on Wednesday and Thursday, June 19 and 20 in Room 140 Bagley Hall. Highlights of the meeting, in chronological order, are:

- Tuesday, 4-6 p.m. Reception for hosts and visitors. Women's Residence Hall, north end of campus.
- 8:30 p.m. Meany Hall. Address of the retiring president of the Pacific Division of A.A.A.S., Dr. Lewis M. Terman, Stanford University, "Psychological Approaches to the Biology of Genius".
- Wednesday, 9-12 a.m. Room 140, Bagley Hall. Chemistry papers on Thermodynamics.
- 1:30-4:30 p.m. Rm. 140, Bagley. Chemistry papers on Colloids and related topics.
- 6:15 p.m. College Room in basement of Hotel Edmond Meany. Dinner for chemists. Reservations may be sent in on the form below. As a special feature after dinner we are fortunate in being able to show the unique movie film, "X-ray Moving Pictures". It will serve as an excellent prelude to and will be over in time for,
- 8:30 p.m. Meany Hall. The Maiben Lecture of the A.A.A.S. by Dr. E.O. Lawrence, University of California, "Building Atoms". Little special urging is required to bring you out to hear Professor Lawrence. He is this year's Nobel Prize Winner in Physics, his award coming for his outstanding achievements in the production of artificial radio-activity by means of the cyclotron.
- Thursday, 9-12 a.m. Room 140. Papers on Organic and Physiological Chemistry.
- 1:30-4:30 pm. R. 140. Papers on Analytical and Industrial Chemistry.
- 8:30 p.m. Meany Hall. Address by F. A. Banks, Construction Engineer, Grand Coulee Dam, "The Columbia Basin Reclamation Project and the Grand Coulee Dam".
