MARCH MEETING

A Sigma Xi touring speaker is being sponsored jointly by the Society of Sigma Xi and the Puget Sound Section. The speaker is Professor J. G. Kirkwood of the Department of Chemistry, Cornell University. His topic will be "The Structure of Liquids". The speaker will outline methods used to study liquids and the latest theories pertaining to liquid structure. In 1936 Professor Kirkwood received the Langmuir award in pure chemistry.

The meeting will be on Thursday, March 12 at 8 p.m. in Room 131 Bagley Hall, University of Washington.

NEW AND OLD MEMBERS

Defense and a generally increased interest in Society affairs has resulted in a marked rise in membership. Most of the new members listed below have joined here as of January 1. However, there are many eligible chemists among your associates and friends who may be or at least should be interested in joining the Society. Membership blanks, literature and information may be obtained from the Secretary. Why not pass this notice on with an invitation to attend this meeting?

New members in the Section include: LeRoy Dugan, Jr., U. of W.; David A. Ellis, Kent; Robert Goettling, Tacoma; R. J. Houston, U. of W.; J. Stanley Pelan, Seattle; Elmer M. Plein, College of Pharmacy, U. of W.; Allen B. Scott, who has been teaching at Oregon State College until called to Service at an Army camp near Tacoma; Seattle Gas Co. - welcome! our first local industrial member; George A. Skaer, Tacoma; and, George Uomoto, Seattle.

Randall E. Hamm, formerly at Bremerton Navy Yard, is now teaching at Ellensburg. Prof. Thomas G. Thompson is repeating his experience of War I, having left recently for the east to rejoin Chemical Warfare Service.
